THE POWERS TRIAL.

Witnesses Introduced Attack Credibility of Prosecution Witnesses.

THE WEAVER CASE.

The Testimony Alleges He Was Not in Frankfort When Goebel Was Killed. Combs Admits Part of His Confession Is Correct.

Georgetown, Ky., Aug. 4.—Of the eight witnesses introduced by the defense in the Powers case yesterday all but one were called for the purpose of attacking the credibility of witnesses placed on the stand by the prosecution. One of these, Former State Auditor Stone, stated that witness W. H. Culton, an alleged co-conspirator of Powers, was removed from a place of trust in his office because he defaulted in the sum of \$1000. Other witnesses, residences of Grayson Springs, this state, testified that instead of being in Frankfort on Jan. 30, the day of the shooting of Senator Goebel as he claimed under oath to have been, George Weaver, a prosecution witness, was in their town organizing a lodge of the Woodmen of the World, and others from eastern Kentucky testified that the witness, Wharton Golden, of the prosecution, had displayed a large roll of money and intimated that it came from the state reward fund.

Attorneys for the prosecution rigidly cross examined these witnesses and made one of them, James Harkleroads of Barboursville, admit that he has been indicted not less than a dozen times for violations of law.

The most important witness of the day was Daniel R. Collier of Lancaster, adjutant general under the Taylor administration. He offered as testimony the written order of Governor Taylor directing him to bring the regiments of the state guard to Frankfort after the shooting of Goebel and ordering him to confer with the civil authorities of Franklin county as to how best to preserve peace there. This was the first appearance of the documents, which was never made a part of the state records and Judge Cantrill ruled it out as incompetent on the objection of the prosecution that it was not in accordance with the statutes of the state, not directing Collier to place the military under direction of the civil authorities.

The case of George Weaver, the prosecution witness, charged with perjury, was called in the county court here and set for hearing on Aug. 22. Weaver insists that he is innocent of the charge. The purported confession of "Tallow Dick" Combs, one of the alleged conspirators, exhibited here Friday, was at first denied by him, but later he admitted to one of the interested attorneys that it is partially correct. The confession, if true, throws no further light on the case than to connect Henry Youtsey, another of the alleged conspirators more closely with the murder and to bear out the idea of a conspiracy, a sum of money being used.

W. A. Phelps, also of Grayson Springs, identified Weaver, who was brought before the jury for that purpose.

AGAIN ON THE STAND.

Adjutant General Collier Recalled and Cross Examined by Prosecution.

Georgetown, Aug. 4.—Adjutant General Collier was placed on the stand again this morning for cross-examination. The witness told of keeping the soldiers at the state arsenal at Frankfort prior to the shooting, but could not remember whether he brought any arms into the state capitol grounds. He admitted having refused to allow civil officers to enter the executive building to execute a writ of habeas corpus, saying he had orders from Governor Taylor to do so. Over an objection of the defense Judge Cantrill allowed the prosecution to show by witness that on two occasions prior to Jan. 30, that is, on the day of the Colson-Scott duel, and the arrival of 1200 armed men from the mountains to petition the legislature, the feeling at Frankfort was intense, but no soldiers were then called to preserve peace.

The witness said he never before the shooting of Governor Goebel heard any one say the best way to settle the contest was to kill him. The witness told of preventing by military force the assembling of the legislature in the city of Frankfort on the day following the shooting. After an objection by the defense had been overruled the witness stated he went to the Capital hotel and warned the proprietor he would close the hotel if he permitted an assembly to meet there.

Witness Collier left the stand after two hours, and Rev. Cody of Georgetown was next called. He testified to meeting Wharton Golden about March 21 at the home of the witness John Stamper and Golden saying he made a confession only for his own protection. On cross examination the prosecution brought out the witness had displayed

much interest in the case on the side of the defense, working in conjunction with the attorneys.

Shot by a Negro Soldier.

San Antonio, Aug. 4.—The citizens are greatly stirred up over the shooting of Motorman Davis by a negro soldier Friday night because two of their number had been put off the car for smoking when ladies were aboard. Coming as it does, on the heels of the recent disgraceful riot with the police.

AFTER ANARCHISTS.

Uneasiness Prevails in London on Account of Actions of Officials.

London, Aug. 4.—It is rumored that several arrests are pending in London and that the doomed men are already marked by the Scotland Yard officials. This report has caused intense nervousness in anarchist circles, and the love feast that was intended to be held at a tavern at Saffron Hill to celebrate Bresci's assassination of King Humbert has been abandoned. Scotland Yard officials are reticent regarding their operation against the anarchists. Extreme activity prevails among the special service detectives, and there was a consultation Friday between the heads of the different detective bureaus and the home secretary. Malatesta, the master mind of the London advanced circle, has disappeared from his lodging, but has not left the country, for the reason that England is his only remaining asylum.

Bresci's Accomplice Disappears.

Monza, Aug. 4.—It is now fully believed that Shoemaker Nicolini, or "Billa," was Bresci's accomplice. He has disappeared, but he telegraphed Bresci on July 20, announcing his departure, "everything being ready."

Date of the Funeral Fixed.

Rome, Aug. 4.—The date of King Humbert's funeral has been definitely fixed for Thursday next.

Regained His Child by Law.

St. Joseph, Mo., Aug. 4.—F. W. Connors, a well known citizen of Atchison, Kan., after a stubbornly contested suit of several days, was awarded the possession of his 3-year-old daughter, Mabel, on the ground that her mother, who is now Mrs. J. B. Long, of this city, is not the proper person to care for the child. Upon the announcement of the court's action, Mr. Connors grabbed the infant from the mother's arms and fled, pursued by Mrs. Connors, who soon fainted and was afterward attacked with hysteria. The little girl was the central figure in the courtroom as she sat in her mother's lap with her arms about her. She is a very pretty child.

Die in a Well.

Carthage, Mo., Aug. 4.—William H. Rogers, aged 58, and Ernest Rogers, aged 22, father and son, met death in a well which was being sunk on their farm near Preston, in this county. A man named Gross was sinking it, and was lowered by the elder Rogers. When Gross reached the bottom he was overcome by foul air. Rogers slid down the rope to rescue him, and while doing so was overcome also. The son went down and aided Gross, who was raised to the top by others, but young Rogers at once fell upon the prostrate form of his father. Both were dead when help was required to relieve them.

Fatal Business Dispute.

Brazil, Ind., Aug. 4.—A serious shooting affair occurred at Asherville, which may result in the death of Voorheis McCullough, one of the leading farmers of that locality. James Stigler, also a resident of Asherville, did the shooting, and is now in jail. The two men disagreed over the amount of gravel Mr. McCullough had hauled for Stigler, and a fight followed, which ended in the shooting. The bullet penetrated McCullough's left side and ranged upward.

Gale on English Coast.

London, Aug. 4.—A severe gale is raging throughout the kingdom. Channel traffic is suspended, causing much inconvenience to thousands of excursionists who wished to take advantage of the August bank holiday. Rain and wind have done much damage in the provinces. Several small vessels have gone ashore and many others have been compelled to seek refuge.

Mrs. Bryan Will Go.

Lincoln, Aug. 4.—It is announced authoritatively that W. J. Bryan will be accompanied on his trip to Indianapolis by Mrs. Bryan and his young son, Wm. J. Jr. They will be joined here Monday by Governor Thomas of Colorado and wife, who will also accompany them to Indianapolis. The party will leave Lincoln at 6 p. m. Monday.

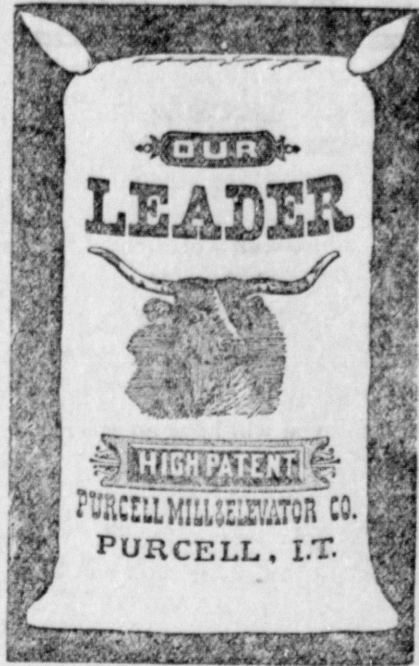

Great Damage to Broomcorn.

Arcola, Ills., Aug. 4.—Authentic reports received in this city from men who have canvassed the broomcorn district show that Wednesday's storm did more than \$1,000,000 damage to the growing crop. The corn is lying flat on the ground. Previous to the storm, it was said that the crop would not make more than a half yield.

Assaulted and Robbed.

Butler, Mo., Aug. 4.—C. C. White, a prominent farmer living a few miles north of here, while going to his pasture to look after some cattle, was assaulted by an unknown person. His jawbone was broken and his condition is serious. He was also robbed of considerable sum of money.

Since the railroad matter has
come to such a point that Navasota
is really in the game with large
trumps several wild rumors have
been set afloat; one of which is to
the effect that if this town can't
get the road her citizens would
give a bonus to keep it out of An-

not to be spoken of by sensible
people. Navasota wants the road,
she doesn't hide it, she needs it in
her business, and is going to get it
if fair and honorable means can
land it. But, if Navasota can't get
it then we wish Anderson success.

THE SCHEME NO GOOD

Chinese Attempting to Throw Off
Liability at Peking.

OUR VIEW DIFFERED

The United States Will the Chinese
Government Responsible for
Whatever May Happen in
the Celestial Empire.

Washington, Aug. 4.—Taken in con-
nection with what proceeded them,
today's cablegrams from China place
the Chinese government in the unique
position of denying the liability for
what the Chinese troops have done in
Peking, while assuming the responsi-
bility for what they are now doing in the
neighborhood of Tien Tsin. The point
sought to be made diplomatically is re-
garded here as of utmost importance in
the future settlement. The Tsung li
Yamen intimation that it was inexpe-
dient to allow communication between
our government and its ministers be-
cause fighting is going on near Tien
Tsin, leaves little doubt as to who is
responsible for the resistance being of-
fered to the international forces. The
Chinese government will resume responsi-
bility for what happened or what will
happen as a result of military action.
Of course this notice from the tsung li
yamen can be construed as an answer
to Secretary Hay's demand upon Li
Hung Chang that free communication
be opened with the ministers at Peking
and their governments.

The international column is still sur-
rounded by strong difficulties in their
progress to Peking. While the war de-
partment has heard recently from Gen.
Chaffee, the officials will not make pub-
lic his dispatch and refused to say
whether or not that movement has be-
gun. There is a renewal of the rumor
that something is occurring in Shanghai
Kwain, at the eastern end of the great
wall, which will surprise the Chinese.

There is a firm military road from this
point to Peking over high and dry ground
and though the distance is nearly twice
that from Tien Tsin to Peking, its phys-
ical advantages may make this route
practically much shorter in point of
time. It is believed here that a strong
Russian column has been or will be
landed at that point to converge on Pe-
kin simultaneously with the interna-
tional column and thus divide the Chinese
opposing forces.

FIGHT EXPECTED.

Russians and French Are Protecting the
Americans and British.

London, Aug. 4.—Nothing direct from
the allies operating beyond Tien Tsin is
to hand, but a News Agency dispatch
from Shanghai says a battle is expected
on Sunday with 10,000 Chinese at Yang
Tsun. Russian and French contingents
according to this dispatch, is guarding
communications of Americans and
British, who form the advance column.

A dispatch dated Tien Tsin, July 27,
says another dispatch from Peking, July
21, has been received duplicating in part
the one sent by a different route, but
adding military information that Amer-
ican, British and German legations had
provisions barely sufficient for 14 days
and ammunition short. The ministers
have again rejected the proposition of
the Chinese government that they leave
Peking under Chinese troops.

Another courier from the Japanese
legation brings a dispatch dated July 23,
saying but five days provision was left
and 25 rounds to each man.

The British consul, Mr. Frazier, and
the foreign community are leaving
Chung King, province of Sze Chuen, in
consequence of official warning from
Shanghai.

There is no trouble in Chung King
now or in any part of Sze Chuen, but
disturbances are expected when the al-
lies reach Peking.

Canton Troops Join Boxers.

St. Petersburg, Aug. 4.—A dispatch
from Shanghai, dated Aug. 2, received
here, says after Li Hung Chang left
Canton, the imperial troops joined the
boxers.

The dispatch adds that the provincial
troops along the Tang Tse river remains
quiet owing to the promise of the vic-
ero of Nankin. "Boxers," it is further
stated in this dispatch, "are murdering
missionaries in South China, but not
disturbing treaty ports."

Troops are being brought to treaty
ports. Batteries of the Yang Tse river
are being repaired and several new
ones being erected at Wu Sung despite
the declaration of the viceroy that work
will be stopped. Five guns have been
mounted.

All Quiet at Canton.

Hong Kong, Aug. 4.—All is quiet at
Canton, but there is great activity at
Bogue forts, which is fully manned and
on the walls flags are hoisted. Con-
stant practice is had with the big guns
at channel targets. Chinese state the
Cantonese are in fear of an attack by
the French.

Chinese Routed.

St. Petersburg, General Grodekoff has
sent the following to the war office:
Khabarovsk, Aug. 3.—Two columns
from Blagovestchensk crossed the Amur
river under Colonels Schwerin and
Scherikoff, attacked the Chinese troops
and took the town of Sakhalien."

SOUTH AFRICAN WAR.

General Hunter Reports the Surrender
of Many Boers.

London, Aug. 4.—General Roberts tel-
egraphs the war office that General
Hunter reports 3318 men have surren-
dered to him altogether.

General Hunter also secured 3600
horses and three guns. Robert's adds
that Ian Hamilton keeps his movements
toward Crustenberg, engaging the Boers
in Magaliesberg range Thursday. Lieut.
Colonel Rhodes and Major G. A. Wil-
liams are among the 41 British wounded.
The Boers left two dead and several
badly wounded.

Thursday night a train was derailed
and attacked 20 miles south of Kroon-
stadt, four men being killed and four
wounded. Lord Algonson Lennox and
40 men made prisoners, but were re-
leased at the request of the American
consul general, who was in the train.

A Boer force was attacked by General
Knox near the railway north of Kroon-
stadt, Aug. 1, and left five wagons and
a lot of cattle.

A dispatch from Pretoria dated Aug.
4, to the News Agency here says:

"It is reported that General Christian
DeWet is dead from a shell wound. The
report is not confirmed."

Thirty-Five Hundred Prisoners.

Fouriersberg, Aug. 4.—There are 2500
Boers prisoners at Hunter's camp and
1500 prisoners and 9 nine guns at Ian
Hamilton's camp. There were about
5000 in Caledon valley originally, but
some refused to acquiesce in Prinsloo's
surrender and slipped away in the night.
These now have sent in asking for terms
of surrender. It will take some days to
ascertain the exact number. The Boers
who excuse themselves for not fighting
say they were in a helpless fix. The
ravines are choked with wagons, which
were placed in the most dangerous spots
of the road, which is blocked for 20
miles.

Boers Burn a Train.

Bloemfontein, Aug. 4.—The train on
board of which was United States con-
sul Stowe and over which was flying the
stars and stripes has been derailed and
burned at Honeig Spuit, south of Kroon-
stadt, by a flying patrol of Boers. No
prisoners were taken.

RUSHING SUPPLIES.

Americans in China Will Not Be With-
out Food and Clothing.

New York, Aug. 4.—Preparations be-
ing made by the war and navy depart-
ments to facilitate the operations of the
American forces in China, not only in
the advance against Peking, but also for
a winter campaign, indicate that the
administration while hoping that a con-
dition of avowed war may be avoided,
intends to be prepared for it.

In anticipation of the northern part of
the gulf of Chi Li freezing in November
Quartermaster General Ludington is
making a strenuous effort to land at
least six months supplies at Taku.

At this moment Nagasaki is the base
of operations for the troops operating in
China but this base must be transferred
to Taku, which can be reached by land.
General Ludington is arranging for the
transportation of 27,000 tons of fuel to
Taku. Thousands of small campaign
stoves have been sent to that point.
Heavy winter clothing, doors for tents,
Arctic shoes etc., have also gone. The
transports will, of course be withdrawn
before the gulf freezes, any additional
supplies subsequently sent to the troops
must go via Che Foo, which connects by
means of a highway north of Taku.
Brigadier General Weston, commissary
general of subsistence, is also preparing
to despatch six months supplies to Taku.
The Hancock which recently sailed for
China, carrying 973 men and 26 officers,
conveyed 60 days rations for these
troops and this supply will be greatly
augmented.

General Weston has in contemplation
the simplification of the commissary sup-
plies sent to Taku. He has called atten-
tion to the inadvisability of sending
canned oysters, lobsters, mushrooms,
peaches, pears, pineapples, two kinds of
sardines, four kinds of pipes, etc., to
China and if his wishes are carried out
the supplies will be limited to the whole
ration of the army with a few extras for
sale to the officers and men desiring to
purchase them. This is a list of the ar-
ticles selected at random from that de-
tailing the supplies carried by the
Hancock:

Bacon, 21,976 pounds; corned beef,
canned, 2664 pounds; flour, 18,887
pounds; hard bread, 28,644 pounds; beans
loose and packed in cans, 5430 pounds;
rice, 606 pounds; hominy, 464 pounds;
potatoes, fresh, 7651 pounds; potatoes
dried, 1750 pounds; potatoes, sliced,
1750 pounds; onions, 2016 pounds; milk,
canned, 7928 pounds; macaroni, 1630
pounds; sugar, 4151 pounds; butter, 1050
pounds; green corn, in cans, 4600 pounds;
tomatoes, canned, 12,250 pounds. In ad-
dition to these articles there were ap-
ples, apricots, cheese, chocolate, crabs,
prunes, preserves, jellies, olives, pickles,
etc.

General Weston holds that in view of
the difficulty in the way of prompt
transportation it is entirely inadvisable
to send so many which are of cold to the
officers and men and he favors limiting
the number of articles as much as pos-
sible.

Surgeon General Sternberg is sending
as many surgeons as may be needed to
China and is placing both medical sup-
plies and money at their disposal.

TO ABOLISH NORMALS.

Prof. Kendall May Retaliate Against Bolting Negro Teachers.

Austin, Aug. 4.—The state superintendent of public instruction is in receipt of information that the negroes have bolted their summer normals and refused to take the examination at 10 out of a total of 21 places. These were Bonham, Huntsville, Lockhart, Tyler, Waco, Gonzales, Wharton, Paris, Longview and Seguin.

The particular feature of the walkout is that before these negroes can teach they must be examined by the county boards of examiners, and in nearly every instance Prof. Kendall appointed the county superintendent or a member of the local board of examiners to conduct the examination at these negro normals, and yet they walked out, though they must be examined by these same gentlemen before they will be permitted to teach. The negroes, however, refuse to take the examination on the grounds that it "is a reflection on their conductor."

Prof. Kendall may resort to abolishing the negro normals and requiring the examinations to take place before the county examiners. This might in effect prevent them from acquiring 4-year certificates.

SAME OLD STORY.

Girl Starts a Fire With Coal Oil Resulting in Death.

Wynnewood, I. T., Aug. 4.—Three people were horribly burned Friday in a coaloil explosion on the Gardner farm, a mile south of town. The house where the fire occurred was occupied by a tenant by the name of Miller. His daughter, a girl of 13, was attempting to light a fire with coaloil. Two other children were playing about the room and the mother with her baby sat in the doorway. There was an explosion in which the mother and two of the children were burned. The 13-year-old girl is dead, and the mother and the second child will die in a few hours. A 4-year-old child and baby were found several yards from the house uninjured. The house and contents were destroyed. Mr. Miller was away from home at the time.

Complaints of Boll Worm.

Austin, Aug. 4.—Speaking of the recent excessive rains, Agricultural Commissioner Johnson says he hears more complaints of the damage done to cotton than any time this season. The rain, he says, has caused the weed to grow, but has injured the fruit. It has also caused the appearance of boll weevils and sharpshooters. He says these insects are found where the foliage is thickest.

AN EVASIVE ANSWER.

Li Hung Chang Cannot Play With Secretary Hay Much Longer.

Washington, Aug. 4.—The diplomatic situation was still further entangled by the return of an evasive answer by Li Hung Chang to Secretary Hay's peremptory demand of Aug. 1 that he be put in communication with the foreign ministers at Peking. Li's answer is not final and leaves the matter open to diplomacy. But Li's action, as reported by Consul General Goodnow, are unquestionable evasive and will amount to final rejection of the American proposition if persisted in.

Mr. Goodnow's dispatch contains some further information bearing on the question of responsibility for Peking condition in the statement that the commander of the Chinese troops by inference answerable to the Chinese government ordered the Pao Ting massacre.

It is learned here that Li Ping Hong, the commander referred to, is a civil official and well known to all Chinese officials abroad as one of the most rabid anti-foreign leaders in China. He is a close friend of Prince Tuan and the association of these two in Peking affairs with power enough behind them to cause the ignominious death of two high officials is regarded here as a bad sign.

Simultaneously with Mr. Goodnow's dispatch came a characteristically diplomatic message from Yuan Shih governor of Shan Tung, repeating the story of two days ago that the Chinese government was arranging to deliver the ministers in safety to Tien Tsin. No effort is made to reconcile that statement with Earl Li's refusal to allow communication with the ministers.

Mr. Goodnow's dispatch reads as follows: "Shanghai, Aug. 3.—Secretary of state, Washington—Americans left Chungking, yesterday. Li told French consul today that no messages will be delivered ministers because foreigners advancing on Peking. Two pro-foreign members of the tsung li yamen beheaded 27th for urging preservation of ministers by Li Ping Hong, now commanding troops in Peking. He ordered Pao Ting massacre."

The absence of the Chinese ministers from the state department Thursday, in spite of the fact that it was diplomatic day, taken in connection with the exceedingly sharp note of Secretary Hay which the state department made public, is the subject of speculation. Minister Wu explained his absence on the ground he had no news to communicate in which his appearance at the department was awaited with considerable interest.

The operations of the American forces in China are seriously handicapped by the delay in the landing of the cavalry horses owing to the lack of lighters and other small crafts.

It is estimated at the war department that there are about 3500 American troops including 750 marines in the vicinity of Tien Tsin available for active operations against the Chinese capital, with prospects of about 3000 reinforcements from the United States arriving in small detachments within the next two months.

In view of the small American representation on the spot it is not regarded at the war department as probable that General Chaffee would be selected to command the allied forces.

Li's New Proclamation.

Shanghai, Aug. 4.—Li Hung Chang is preparing a proclamation granting virtual amnesty to boxers on condition that they cease creating disturbances.

Six Men Shocked by Lightning.

Malakoff, Tex., Aug. 4.—During a thunderstorm two miles north of here six men while at work in a field were severely shocked by lightning. Five of them soon recovered, but the sixth, a young man by the name of Stock Bryan, is in an extremely critical condition. While apparently conscious, he is speechless and almost totally paralyzed from head to foot. His recovery is very doubtful.

Safe Blown in Alabama.

Huntsville, Ala., Aug. 4.—The safe in the depot of the Nashville, Chattanooga and St. Louis railway at New Market was blown open by cracksmen and \$50 in cash secured. Bloodhounds from Cowan, Tenn., were put on the trail but were confused by the tracks of many persons who visited the scene. A negro was arrested at Maxwell, Tenn., for alleged connection with the crime.

Cripple Creek Output.

Colorado Springs, Aug. 4.—Cripple Creek's July output was \$1,759,200, or 30,050 tons. The mines were closed three days during the month. The dividend total was \$822,105.50. The Magnolia led with \$187,000, with Portland \$180,000 and Buckeye \$160,000.

Entire Train Wrecked.

Texarkana, Ark., Aug. 4.—A north bound freight train on the Kansas City Southern railway was wrecked near Jansen, Ark., north of here. The engine jumped the track near a bridge and part of the train was piled up in a fill. The loss to the company is very heavy.

Hanged for Double Murder.

Richmond, Va., Aug. 4.—Grant Reed, a negro, was hanged at Madison Court House Friday. His crime was a double one—the murder of his wife and her father.

Determined to Stop Hazing.

West Point, N. Y., Aug. 4.—The authorities are determined to stop hazing at the academy. Cadet Roswell was dismissed for putting a "plebe" in a tub.

Washington, Aug. 4.—The population of Milwaukee, Wis., according to the official returns of the twelfth census, is 285,316. In 1890 it was 204,468.

The Cutting of Weeds.

In every country town the great question in spring in that of weeds. The country newspapers in a few weeks will begin to publish the admonition, "Cut your weeds," and later will follow it by attacks and appeals to the public spirit of the negligent or parsimonious. The Iowa legislature undertook to regulate the matter of weed cutting by statute, and the last general assembly passed a law requiring land owners to cut the weeds on highways and adjacent to their land, and providing that if they failed to comply with the law the weeds were to be cut and the expense charged up against the land. The result has been trouble in every part of Iowa. When the law is enforced there is complaint and when it is not there is complaint, and so the local authorities have had their hands full. At the present session a bill was introduced by Representative Wilson, of Keokuk, to authorize the supervisors to cut the weeds and pay for the work as for any other improvement. The importance of weed cutting being recognized by the villagers and the new law being ineffective, the bill passed the house without difficulty. When it came before the senate, however, it met with the determined opposition of Senators Harriman and Wallace, who declared that the present law should be enforced and the counties' money might better be spent for other improvements. Like the country editors, they believe it is the duty of every man to cut his own weeds. And so the bill failed in the senate. It is just as well that it did. The present law should be enforced, and if any man lacks the public spirit to cut his weeds the country editors will probably see to it that he is mulcted.

Kitchener and "Boots."

"On the steamer which conveyed him to Gibraltar, where he was to meet Lord Roberts, Lord Kitchener," relates the Sphere, "was accosted by an officer who introduced himself with the reminder that he had once been instructed by Colonel Kitchener with a message to the then commander-in-chief in India. Lord Kitchener recognized his old acquaintance immediately, but could not recall the message referred to. 'It was fifteen years ago or more,' said his friend, 'but I remember it. You asked me if I had the chance to speak to Lord Roberts on your behalf and beg him to find you a job in the East, near him if possible. You told me to say you would black his boots or do any earthly thing for him then.' 'I've no doubt I said that,' replied Lord Kitchener, 'for I would black his boots or do any mortal thing for him now.'"

A Half-Cent Coin Wanted.

There is a movement on the part of some big department stores, the Philadelphia Record says, to have the government issue a new coin of the denomination of a half cent. Signatures to a document setting forth the need of such a coin have been secured from prominent retail merchants of Philadelphia, and other cities have also become interested. The bargain seeker who delights in seeing things marked down may eventually experience the delight of paying 7 1-2 cents for an article reduced from 8 cents. The merchants claim that in these days of keen competition, when large sales and small profits are the rule, some such plan is necessary. Several individual firms in Chicago have issued their own half cent pieces, which, of course, are only redeemable in their own establishments. The government has nothing to do with this money.

Got the Wrong Hog.

"Prisoner," said a Maryland justice, "you have been found guilty of stealing a pig belonging to Colonel Childers. Have you anything to say before I pass sentence?" "I has, sah," answered the prisoner, as he rose up. "It's all a mistake, judge—all a mistake. I didn't dun recon to steal no pig from Kurnell Childers. What I was arter was a hawg belongin' to Majah Dawson, an' how dem two animals got mixed up and de constable found de meat in my cabin am gwine to bodder me till I come out o' jail an' lick de ole woman fur not keepin' better watch at de doah!"
